

Heart of Wales Line Trail Steering Group.

30th March 2018

I'm just writing to formally record my thanks and those of the Trail Steering Group for the support which was rendered by Llanelli Ramblers as a group and by individuals within the group, at the launch on Tuesday.

Without doubt, the launch could not have proceeded without that support and assistance.

The Trail Steering Group met yesterday and wished me to record their debt of gratitude.

Individual assistance was rendered in the form of stewarding, marshalling and registration and by the Group adopting the three walks, it enabled volunteers to fulfil their walk leader roles without hindrance.

To cap it all, a wonderful welcome was provided at the Miramar Hotel, which was much appreciated by all concerned, including the various SG members present.

Overall, there were 71 walkers on the three walks and 10 separate walking groups were represented on those walks.

Nevertheless, without Llanelli Ramblers, those walks would not have been so well attended. It certainly made an impression on the Trail Steering Group.

In addition to the walkers, there were 38 official guests at the station and the Institute afterwards - again the presence of so many walkers cannot have failed to make a deep impression on these guests and can only serve to emphasise the underlying support for the Trail project.

The next launch, of the Carmarthenshire section, takes place on 26th June in Llandovery. The format of this launch will follow the pattern of previous launches.

If you would like to make a note of this date for future reference - please do so.

Once again my thanks

Regards

John Maudsley
